Awards and Rankings

CU CLINCHES TOP SPOT AMONG INDIA'S PRIVATE UNIVERSITIES IN QS WORLD RANKINGS 2024

Recognized for Brilliance, Chandigarh University's notable achievements and consistent rise in ranks demonstrate its unwavering pursuit of excellence.

PRIVATE UNIVERSITY IN INDIA

These rankings recognize not only CU as a whole, but also our many respected schools and departments. Chandigarh University, Punjab is proud to be recognized by the organizations and publications listed below for our excellence in education.

Our --- Vision

Empowering global learners to easily access the excellent quality online education supported by advanced technology that corresponds with international standards. Ensuring learners to make a promising career progress by accessing online learning pedagogy that induces relevant industry skills, required knowledge, and leads them to outshine in the professional world.

Our --- Mission

To offer strategic online learning solutions to learners all across the world that develops their skills and makes them equally competent to excel in their careers. To enable learners to develop higher intellectual capabilities through accurately designed and industry relevant online programs of their choice that are delivered to them by veteran faculty members. We encourage learners to harness the potential of digital learning that transforms them to adapt well and succeed in today's digital generation.

Message from ——— **The Leadership**

Higher education is the necessity that instils immense knowledge and prudence in students to become global citizens. Chandigarh University aims to educate students that develop leadership qualities in them so that they excel in spheres of science, technology, economics, sports, arts and culture, and ecology and contribute towards development of our nation.

The immense hard-work and dedication of our veteran teaching faculty members and scholarly students has propelled Chandigarh University in donning a top-rank amid private universities across the nation.

The academic model followed at Chandigarh University takes learning beyond classroom sessions giving sufficient exposure to students that expands their comprehension horizons and ameliorates their abilities to uplift the progress of communities thus shaping them to become global leaders.

With the ambition of making India a developed nation, Chandigarh University envisions imparting par-excellence education that corresponds to international standards and welcomes students from vivid cultures to become an integral part of a vibrant education system that represents India as the biggest democracy.

S. Satnam Singh Sandhu

Hon'ble Chancellor, Chandigarh University

Prof.(Dr.) Manpreet Singh Manna

Hon'ble Vice-Chancellor, Chandigarh University

Message from ——— **The Leadership**

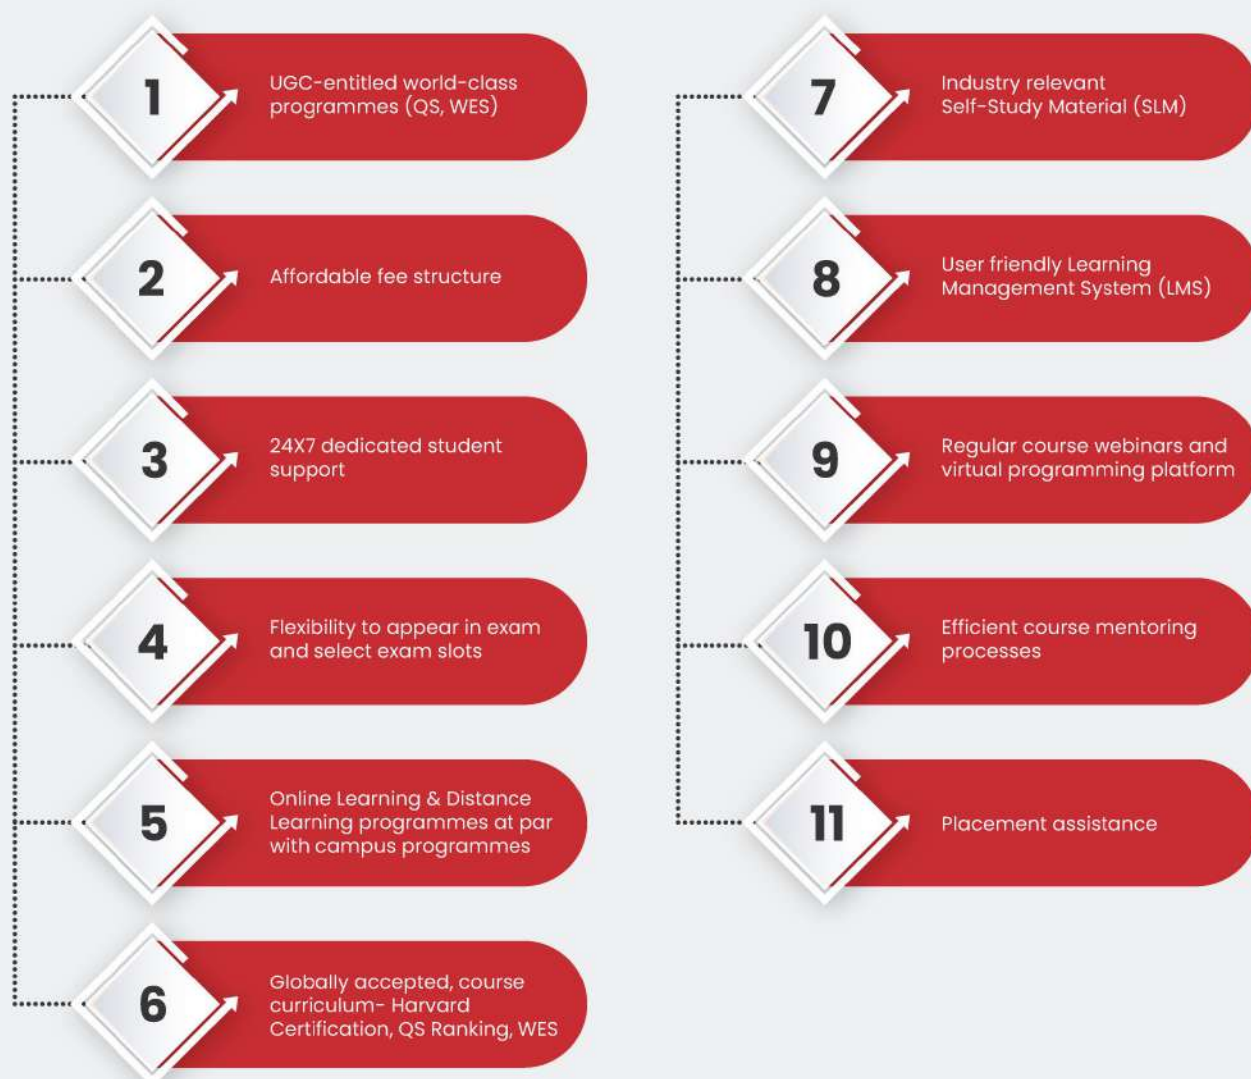

Welcome to Chandigarh University! Chandigarh University has championed in providing exceptional quality education to global students since its inception and it is now known for its new-age academics. We are ranked 1st among all the private universities in India by QS World University Rankings 2024 and have earned an A+ grade from India's biggest independent accreditation institution, NAAC (National Assessment and Accreditation Council). Now, learners can study at a globally recognised university and receive scholarships and funding from a wide range of agencies. As the only private university in Punjab with management programmes accredited by the National Board of Accreditation, we offer a wide range of online degree programmes and excellence in teaching.

Our faculty members are the cornerstones of CU's success. With our highly qualified academicians from IITs, NITs and foreign universities, we stay at the forefront of higher education. The skills and capabilities of young minds are honed beyond bookish knowledge.

We uphold our standards of excellence even through our Online Learning facilities. The goal of our Centre for Online Education is to provide an effective alternative path to mainstream ways of gaining knowledge. I welcome you to receive the best education possible and give wings to your dreams.

How Government Program (eVidya) facilitates Online Learners

In order to promote and develop digital education in India, the PM eVIDYA program was launched in 2020 to make e-learning more accessible for Indian students and teachers. The scheme will reportedly help 25 crore pupils by bringing together all online and digital education-related activities.

This relaxed the regulatory environment for distance/open/online education, allowing the top 100 universities to start offering online courses, giving 3.7 crores higher education students improved learning opportunities and enhancing e-learning.

Testimonials —

Learners Stories

Here's what our alumni have to say about our programmes

Sandhya Ashok Vaishya
Master of Business Administration

I believe what makes CU-Online Learning the best learning experience is that it focuses on cultivating real-life experiences that can and will be transferable to your future and career. I had multitudes of reasons for going back to college that transcend job security and career advancement and CU-Online Learning fulfilled all of those expectations.

Muttappa Bhimappa Muttalageri
Bachelor of Business Administration

CU-Online Learning opens doors and expands your mind in ways you never thought. The programme has given me opportunities to dive deeply into the heart of real-life projects and assignments that made me learn in the best way possible.

Rakesh Dhanraj Lanjewar
Master of Science in Data Science

My time at CU-Online Learning contributed to my preparation for being able to fit into nearly any industry. With the best people and opportunities, I was exposed to, I believe I made the right decision, and learning here was well worth it.

Stalin Mathias
Master of Arts in Journalism and Mass Communication

CU-Online learning offers a one-of-a-kind experience of the virtual classroom. My instructors pushed me out of my comfort zone and inculcated skills to pursue the best career options. I learned leadership, interpersonal and real-world skills that employers are looking for.
