EDUCATION

Rajdhani Ins. Tech & Mgmt.

B.Tech

Jaipur.

AUG 2010 - JUNE 2014

Career Objective:

Passionate Full Stack Developer and Trainer with expertise in MERN and Laravel, skilled in building scalable web applications and mentoring developers. Seeking to apply my technical knowledge and problem-solving skills to create innovative solutions and contribute to dynamic projects.

WORK EXPERIENCE

Freelance Laravel Developer

Self-Employed / Remote

Sept 2023 – Present

- Developed and maintained web applications using Laravel, ensuring high performance, security, and scalability.
- Built and integrated RESTful APIs, third-party services, and database management with MySQL.
- Collaborated with clients to gather requirements, design solutions, and deliver custom Laravel applications.
- Optimized backend performance, implemented authentication, and enhanced user experience.
- Managed deployment, bug fixes, and continuous improvements to ensure smooth application functionality.

Technoglobe

Jaipur

Full stack development Trainer

June 2022 - June 2024

- Deliver MERN Stack Training: Develop and conduct comprehensive training sessions on MongoDB, Express.js, React, and Node.js, ensuring thorough understanding and practical application.
- Curriculum Creation and Maintenance: Design and continuously update training materials, projects, and exercises to stay current with industry trends and technological advancements in the MERN stack.
- Mentorship and Support: Provide hands-on guidance, code reviews, and individualized feedback to trainees, fostering their skills and confidence in MERN stack development.

Technoglobe

Jaipur

Java developer Trainee/Intern

FEB 2022 - MAY 2022

- Acquired expertise in Java and Object-Oriented Programming (OOP) principles through training.
- Gained hands-on experience with Core Java, Spring Boot, and Hibernate for backend development.
- Collaborated with senior developers to debug and optimize code for performance and security.
- Worked with MySQL/PostgreSQL for database management, writing queries, and handling CRUD operations.
- Developed RESTful APIs and integrated them into web applications.
- Learned and applied Agile methodologies for project management and software development.
- Participated in code reviews, improving code quality and learning industry best practices.

PROJECTS

Portfolio Website Development

- Developed a responsive portfolio website using the MERN stack (HTML,CSS,JS, React,) to showcase projects, skills, and professional experience.
- Utilized React for dynamic and interactive user interfaces, integrated with Bootstrap for responsive design. Implemented animation effects using Animate.css and ensured seamless user experience with React Multi Carousel and React On Screen.
- Built a RESTful API using Express.js, handled form submissions with Nodemailer for email notifications. Configured CORS to manage cross-origin requests
- Automated deployment process with GitHub Pages using gh-pages. Managed project scripts for building, testing, and deployment through npm.
- React, Bootstrap, Express.js, Nodemailer, Animate.css, React Multi Carousel, GitHub Pages, npm.

Full Stack E-Commerce App

- Developed a robust eCommerce platform using the MERN (MongoDB, Express.js, React, Node.js) stack.
- Implemented user authentication, allowing secure account management and seamless transactions.
- Designed and integrated features such as a dynamic shopping cart to enhance user experience.
- Created an intuitive admin panel for efficient management of users, payments, products and orders.
- Integrated Stripe payment gateway for smooth and secure transaction processing.

React Movie App

- Developed a responsive movie data application using React.js, Integrated the TMDb API for real-time movie information retrieval.
- Implemented dynamic features to browse and display detailed movie data such as ratings, synopsis, and release dates, prioritizing user-friendly navigation and responsive design.

Mini Projects

- A collection of mini projects showcasing various web development skills like HTML, CSS, Javascript.
